**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have an excellent internet provider, Sonic.net. They need to be able to access customers like me, and to stay competitive, in order to deploy the last-mile copper and inter-city fiber that reaches my house and provides me with excellent connectivity for my home business, research, and personal use. A price hike would be a hardship for a small home business like mine.

In addition, Sonic provides my telephone service (both landline and mobile for two people) and provides flawless service for all three elements: internet and both phones.

We need broadband with no price increases and a competitive arena.

Thank you.
